Kevin, let me know when you can discuss. I been thinking the city might look into having a Special Assignment Deputy. The Deputy can attend any meeting you would like him to attend, address quality of life issues and do high visibility patrols. In addition, the deputy can develop a neighborhood watch program and maintain it. The city of Duarte has two deputies and they are very happy with them.

Subject: Public Safety Committee

Jess –

For some months now, there has been talk about morphing our Emergency Response Committee into a Public Safety type committee. The idea has been gaining traction and a report on the discussion will be presented at the upcoming Council meeting on the 16th. Ultimately, I have no idea what the Council will do.

The idea though would be that this committee would may not just focus on disaster preparedness. Maybe the Committee will additionally start analyzing crime reports, work with neighborhood watch programs, and be the spring board to large law enforcement discussions (similar to how the Council discussed the CSO program and police services in the past).

When it comes to expenses though, would it cost us for a Sheriffs liaison to attend a meeting once a month, similar to you attending a Council meeting? Ultimately, I have no idea what a LASD liaison would do or even if there would positively be one present. Just throwing it out there so that we can prepare.

Kevin
